

POLICE ACTIVITIES RESULT IN TWELVE WEEK END ARRESTS

POLICE COURTS HAVE BEEN ES-
PECIALLY BUSY BECAUSE
OF THEIR WORK.

RAID CRAP SHOOTING GAME

Dice Game At Clark Hotel Was Nip-
ped—Seven Taken for
Speeding.

The police courts of the city were especially busy Saturday night and this morning as the result of activities on the part of the officers in apprehending alleged crap shooters, speeders and drunks. The arrests made since Saturday afternoon are:

- For speeding—7.
- For shooting craps—2.
- For drunkenness—2.
- Using indecent language—1.

Motorcycle Cop.

The crusade against the speeders was the result of activities on the part of Dixon's new motorcycle police man, R. Griffith, who Saturday evening reported the following cases to Justice Hanneken: William J. Albright, William Stanley, John E. Moyer, Dr. C. H. Ives, Harold Drew and Raymond Worsley.

The cases were called before the justice, at which time it was found there was no charge against Stanley and he was dismissed. The others were fined \$10 and costs each.

Result of Collision.

A warrant charging speeding was also served on I. B. Hoefer on complaint of George Swartz. The warrant is a result of the collision between cars driven by the two on North Crawford avenue Sunday, Aug. 13.

Raid Crap Game.

Sunday the police raided a crap game at the Clark hotel on First street. Wm. Hughes and Benton Kirby were taken for participation in the alleged game and Joe Keenan was taken into custody for the indecent language he used to the officers at the time of the raid. Keenan was fined \$3 and costs by Justice Hanneken this morning and Hughes was given a \$10 assessment on his plea of guilty to the gambling charge. Kirby decided he would fight the case and it was set for hearing at 1:30 this afternoon.

Two Drunks Fined.

Justice Gehant sat in the cases against the drunks, fining Joe Lindsay \$5 and John Murphy \$3 and the costs.

Case Continued.

The case of the State vs. Hoefer has been continued until Sept. 2. The case was to have come up today before Justice Hill, but a change of venue was taken to the court of Justice Gehant. Judge Crabtree will represent Mr. Hoefer, but as the judge will not return from his vacation until Sept. 1, it was necessary to continue the case. Mr. Hoefer was arrested for speeding.

LICENSED TO WED

Marriage licenses were issued today to the following persons:

- Benj. R. Danley and Miss Edith Kyser, Elgin.
- Henry I. Comingore and Mrs. Nona McCauley, Sublette.

BAND REHEARSAL EARLY

Details For Elks' Family Picnic At Lowell Tuesday Are Complete

Every arrangement for the picnic for members of Dixon lodge No. 779, B. P. O. Elks, has been completed and it is safe to state that one of the largest gatherings of its kind ever held at Lowell Park will be that of tomorrow afternoon and evening. The committee has made preparations to entertain all royally. They will furnish transportation to all who go to the Elks' club between 1 and 6 o'clock, H. H. Heinze being in charge of the auto trips. Those who take advantage of the transportation arrangements are expected to return with the drivers who take them to the park.

During the afternoon there will be a program of athletic events, and from 4 to 5:30 o'clock there will be dancing, with music by the Marquette orchestra. During the supper hour, from 6 to 7, the Chamber of Commerce band will play a concert, and dancing will continue from 7:30 to 10 o'clock. The picnic is for members of the lodge, their families and out-of-town guests.

The launches will make regular trips to and from the park during the day for the accommodation of those who desire that method of transportation.

ITALIAN TROOPS ON FRONT AT SALONIKI

PRESENCE THERE INDICATES A
STATE OF WAR WITH
GERMANY.

GREEK CAPITAL IS AROUSED

(Associated Press)

Paris, Aug. 21—Italian troops began to disembark at Saloniki yesterday, according to a dispatch received here. Active participation in the Saloniki campaign would mean the existence of a state of war between Germany and Italy, as Germany is directing the operations against the allies at this front.

Big Allied Force.

British, French and Serbian forces at the Saloniki front are believed to number 700,000, while the opposing forces consist chiefly of Bulgarians, some Austrians and possibly some Turks. Recent reports indicated the withdrawal of Austrians from the Balkans for the Italian and Russian fronts.

GREEKS AROUSED.

Athens, Aug. 19 (Delayed)—The Bulgarian occupation of Florina has caused consternation at the capital, and a hasty conference of the King, general staff and cabinet was called.

GERMANS UNSUCCESSFUL

Paris, Aug. 21—The Germans, aided by flaming liquids, delivered a violent but unsuccessful attack on Flou-ry last night.

Second Lieutenant Des Moulinais, a well known aviator, was accidentally killed at Verdun.

RUSSIANS ADVANCED.

Petrograd, Aug. 21—The Russians have made further advances at some points on the Stokhod line, where they broke through the Austro-German defenses last week. They have captured 1500 men in this region in the last two days.

RETURNED HOME

A. F. Riley of Lyndon, who underwent an operation for appendicitis at the Dixon hospital, was able to return home today.

WILSON REITERATES DEMANDS TO ROADS

TELLS PRESIDENTS THEY MUST
ACCEPT HIS PEACE
PLANS.

ROADS SEEKING SETTLEMENT

Look For Way to Maintain Principle
of Arbitration At
Stake.

BULLETIN.

Washington, Aug. 21—President Wilson this afternoon reiterated to the railroad executives, including new arrivals from the west, his demand that they accept his plan for settlement of the proposed strike. The railroad president then began the first of a series of meetings in which they will frame a reply.

(Special to Telegraph)

Washington, Aug. 21—President Wilson at noon sent word to the railroad presidents who are here, asking them to call on him at 2 o'clock this afternoon. The road officials agreed to call.

The presidents and managers have worked steadily today to devise some means of averting the threatened strike, whereby in the main they could accept President Wilson's plan, but at the same time preserve the principle of arbitration. They are united against the president's proposal as it stands but hope to agree on some counter proposal.

To Get Wilson's Views.

Today's conference was arranged to allow the officials who had arrived late to get Wilson's view first-hand. Hale Holden, spokesman for the executive, said, after he had explained his plan to the new arrivals, consideration of all questions would begin with an object of reaching a final decision.

POLITICIANS COMING FOR ELKS CLAM BAKE

MANY PROMINENT CANDIDATES
WILL BE IN DIXON ON
LABOR DAY.

Many politicians and candidates for public office will attend the Elks' clam bake on Labor day. John G. Oglesby writes that he will arrange his dates so that he can attend. Richard Barr, senator, will come if possible, and he declares he will see that it is possible. It is quite probable that Congressman B. M. Chipfield of Canton will also attend. The politicians in nearly all the counties in the 13th district and the 35th senatorial district will be on hand and will assist in entertaining the large crowd.

DIXON BOYS SAVE POLO GIRLS

Robert Powell and Arthur Hill In
Hero Roles.

Three Polo young ladies were saved from drowning off Lowell park beach late Saturday. The men who came to their rescue were Arthur Hill and Robert Powell. The girls were on a raft headed toward the shore when the raft became unbalanced and the girls fell into the river. Hill and Powell, who were nearby in a launch, went to the floating girls, righted the raft and towed the young women to shore.

ANNUAL M. E. PICNIC SEPT 4

Big Event Will Be Held at Assembly
Park as Usual.

The Methodist church will hold its annual picnic at the Assembly park, Monday, Sept. 4, Labor day. Plans are being made for the occasion and the church expects to take care of a large crowd of people. Program of amusements will be arranged later.

Injured Girl Will Recover; Doesn't Know Legs Are Off

Maude Webb Is Gaining Her
Strength Rapidly At
Sterling

Maude Webb, whose legs were amputated in the tragic auto accident at Galt last Thursday morning, which cost the lives of Marie Baker, Ruby Kauffman and Martin Van Bergen, will probably recover. Word from the Sterling hospital today was to the effect that the effects of the shock and subsequent operation have not been apparent, that the young lady is rapidly regaining strength and is now able to turn herself in bed. It is announced that she does not yet know her legs are off. Subsequent examination disclosed a slight fracture of the skull, but no untoward effects have developed, and attending surgeons today predict her recovery.

DEMONSTRATION OF TRACTOR GANG PLOW

DIXON MEN GO TO BLOOMINGTON
IN CHARGE OF GRAND
DETOUR EXHIBIT.

Bradford Brinton, Henry Kenneth and Henry Noble went to Bloomington this morning to take charge of the Grand Detour Plow company's exhibit at the tractor plow demonstration there this week. The demonstration is drawing farmers and implement dealers from all over the state. A big trainload of tractors and gang plows of various makes was transferred from the Northwestern to the Illinois Central here Sunday afternoon, among the exhibits being that of the Wallace Cub manufacturers, whose representatives carry a cub bear as a mascot. The Dixon gentlemen, who have been with the exhibits in the west and south, say the cub is a great favorite with all.

MURDER WAS FOUND
TODAY.

Chicago, Aug. 21—The headless body of Mrs. Roscoe Coseninot, believed to have been hacked to death with an axe or hatchet, and her two small children, believed to be dying from starvation, were found in an apartment today. The woman had been dead three or four days. Four men have been arrested.

SAYS DIXON ELKS ARE LIVE

George H. Sampson Writes Concerning
Clam Bake

George Hyde Sampson, Past District Deputy and P. E. R., B. P. O. E., former superintendent of the Nachusa House, and now of Peoria, writes concerning the Elks Clam Bake: "I see the Elks of Dixon are a live bunch. Was anyone left off the committee. I would like to be with them on Labor Day. I have instituted ten lodges: Moline, La Salle, Ottawa, Streator, Kankakee, Canton, Kewanee, Freeport, Aurora and Waukegan."

LOWDEN ENTERS BIG BATTLE IN COOK CO.

HAS FINISHED HIS CAMPAIGN
DOWNSTATE AND IS NOW
ON WIND-UP.

LEADERS EXPECT A MAJORITY

Would Not Be Surprised if Ogle Co.
Candidate Equals Two
Rivals.

Chicago, Aug. 21—Frank O. Lowden's Cook county drive is on. He opens his campaign in this city with two Sixth ward meetings on Tuesday, followed with a big affair in the Auditorium, seating nearly 5000, Thursday. Except for an automobile tour of DuPage county on Friday and a speech at the harvest festival in Martinton, Iroquois county, he will be kept on the rush for the remaining fortnight before the primaries address from three to six meetings daily in Chicago wards and the suburban towns.

When the colonel started in here, after eight weeks of steady campaigning downstate in which he visited the most of Illinois' 101 counties, he learned that 22 out of the city's 35 wards, by formal vote of the regular republican organization therein, had given him endorsement for the governorship. He also was told that similar action is certain in four additional wards, making a total of 26, while three other wards, though doubtful, are leaning his way strongly. In only six wards has the opposition retained a grip on the organization, which it may lose in one or two ballwicks. In not a single ward do the Lowden managers concede the popular vote to either of the colonel's rivals.

Four-Fifths Lowden.

Moreover, as the country towns admittedly are solidly for the colonel, the republican organization of Cook county is at least four-fifths pro-Lowden. The latest ward to take formal action is the 25th, in Lake View, along the north shore, which is one of the largest as well as most strongly republican wards of the city. Heretofore it has been classified as one of the "Deneen string."

Taking these organization figures as a basis, political analysts are able to forecast the result of next month's primaries in Chicago and Cook county. There are some differences of opinion as to the outcome, but the variations usually are as to the plurality Colonel Lowden will have. Many of the observers expect him to poll as many votes as his two rivals put together, which would give him a majority instead of a plurality.

Has Been Very Busy.

"Now that Colonel Lowden virtually has finished his downstate campaigning," said former Attorney General W. H. Stead, his campaign manager, "I wish to express great delight at the reception he has everywhere enjoyed. For eight weeks he has been almost uninterruptedly on the road, trying to accept as many invitations as possible before the windup in Chicago. The size and cordiality of his audiences have been remarkable, even in his extended political experience, and he tells me that the pleasant memories will live with him long after he has forgotten the 100 degree heat and dust and the strain of speaking several times a day.

"With only three weeks remaining before the voters cast their ballots, I feel that there is no uncertainty of the result and that Illinois republicans will place their stamp of approval upon the colonel's refusal to wage a war of personalities and mud throwing."

WILL ATTEND STERLING PICNIC

Many Members of Dixon Elks Will Go
There Thursday.

A number of Dixon Elks will go to Sterling Thursday to attend the annual picnic of the Sterling lodge. The Dixon men will take a large amount of clam bake advertising matter along and will endeavor to influence many of the Sterling lodge to come to the biggest event the Dixon Elks have ever attempted.

WILL LAY BUT TWO TRACKS OVER BRIDGE

C. & N. W. WILL BUILD GENEVA
STRUCTURE WIDE ENOUGH
FOR FOUR.

WORK WAS STARTED TODAY

Geneva, Ill., Aug. 21—Workmen at the new railroad bridge site are driving temporary piles for the new concrete bridge to be constructed across the Fox river at Geneva.

It was learned today from railroad officials that while the bridge will be wide enough to accommodate four tracks, only two will be laid across the structure for the present.

The two additional tracks contemplated can be laid on the bridge whenever they are needed for the handling of increased traffic, the railroad men say.

There will be no interference with the operation of trains while the big bridge is being built. No train will be delayed a second because of the work on the bridge, construction engineers assert.

The bridge will be constructed on the same grade as the present one. It will be built so that it can be raised, however, whenever elevation work of the tracks is done.

Details For Country Club Cup Golf Tournament Are Announced

A handicap tournament at the Dixon Country Club is announced to the members. The following information has been posted at the club:

The Club will furnish CUPS to be competed for by both men and women in the handicap elimination tournament.

On qualifying days all who wish to enter will play qualifying rounds, 9 holes for women and 18 holes for men, and those securing the 16 lowest net scores (actual score less player's handicap) are qualified for the tournament.

Subsequent rounds are as follows: First preliminary, 8 of the 16 play the other 8, and winners remain in the tournament; losers are eliminated.

Second preliminary, 4 of the 8 play the other 4; losers eliminated. Semi-Finals, 2 of the 4 play the other 2; losers eliminated.

Finals, the last two play the deciding round.

THE CUP remains the property of the club until won three times by one person, when it is awarded such winner. The winner's name with date will be engraved thereon, after each tournament.

HEAD OF STATE HEALTH BOARD IS SURPRISED HERE

LACK OF ISOLATION HOSPITAL
IS THE CAUSE OF HIS
ASTONISHMENT

ON INFANTILE PARALYSIS

Dr. Robinson Sees No Cause For
Alarm In Case New In
Dixon.

Dr. J. A. Robinson, president of the state board of health, arrived here Saturday evening and since that time he has been busy investigating the case of infantile paralysis in Dixon. This morning Commissioner Van Bibber, head of the city health department; Mayor Schmidt, Supervisor J. M. Sterling, Dr. Robinson and Rev. Stoddard met in conference at the city hall and discussed the case and the health condition in general in the city of Dixon.

After the conference and before returning to Chicago, Dr. Robinson in an interview with a member of the Telegraph staff gave out the following statement:

Expressed Surprise.

"In my investigation today I was impressed with two facts: First, that a city so beautiful and apparently so prosperous has no isolation hospital in which to place patients suffering from communicable diseases. Second, the polioyellitis phobia that exists in the community. The fear that infantile paralysis may become epidemic seems to be well noted. In view of the fact a case of infantile paralysis developed in an unsanitary building where there were a number of children and where the construction of the building did not permit the isolation and quarantine of the patient, it seems that on the advice of the State Board of Health representative, the patient was removed to the only available building, which was also unsanitary, and unfortunately located in a residence neighborhood where there were a number of children, and have maintained a strict quarantine on the building. The health authorities are evidently using every means at their command to prevent the spread of the disease, handicapped by the lack of a proper place in which to quarantine such a patient.

"I examined the patient and the premises. The patient is rapidly convalescing, and after the recovery of the patient the premises should be thoroughly renovated and disinfected.

WOMAN DIRECTS HOME PURCHASES

Quick to Recognize Genius and Sensible Men.

HER WEAKNESS AS A BUYER

Her Susceptibility to Bargains—Women Have More Strength in Their Looks Than We Have in Our Laws. Men Allude to Them as Weaker Vessels.

(Copyrighted, 1914, by Thomas J. Sullivan.) Women have more strength in their looks than we have in our laws and more power by their tears than we have by our arguments. Women are quick to recognize genius and to listen when wisdom speaks. They may chatter in the presence of fools, but know and appreciate the value of earnest, sensible men.

It is assumed that the Almighty made man as his masterpiece, and, conceited being that he is, man accepted this statement as a piece of truth. That the earth and all it contains were made for his special benefit, that woman was created solely for his comfort, that the sun was made to give him light by day and the moon to enable him to find his way home at night, that the heavens were hung with a resplendent curtain of stars and the planets sent whirling through space in a majestic dance about the god of day simply to afford him matter for wonder and amusement—these of this sort evince an egotism that can only be accredited to man.

Masterpieces indeed! Why, God made man and, finding that he could not take care of himself, made woman to care of him, and she is discharging her heaven ordained duty in an artistic and capable manner.

Are Women the Weaker Vessels? Men are fond of alluding to women as "the weaker vessels," and Pope calls man the "great lord of things." Men rule with a rod of iron the creatures of the earth, the sea and the air. They hurl defiance in the face of kings and presidents. They tread the ocean's foam beneath their feet, they harness the imperial thunderbolts to the jaunting electric car and even succeed in mounting the storm and flying upon the wind, but the bravest of them tremble and flee like Cretans when called upon by their wives to explain some of their extravagant purchases, and for this reason many men delegate their wives as the official "family shoppers" and thereby shift the responsibility to them.

More Good Sense Than Men. Women have more good sense than men. They have fewer pretensions, are less implicated in theories and judge of values more from their immediate and involuntary impressions on the mind and therefore more truly and naturally. It is said "men have sight, women insight." For these and many more reasons women make better shoppers than men.

Women regulate their purchases altogether by the amount they have to spend, men by the amount of credit they can get. Women like to put their money where it will do the most good, men where it will make the greatest show. Men are usually "broke," women very seldom. All of which goes to show that women are the "stronger vessels" after all.

Women Are Prone to Bargains.

Woman's weakness as a purchaser lies in her pronounced susceptibility to bargains. No man ever followed freedom's flag for patriotism with half the enthusiasm that woman will trail the red, white and blue that constitute the banner of the bargain counter. And therein lies her temptation. This trait of woman's nature is recognized by the mail order and retail catalogue houses to the extent that nearly all of their misleading circulars and pictorial catalogues are addressed to the women. And the women, true to their natures, respond with many orders.

Their Spirit of Loyalty. But if women are prone to bargain they are also possessed with the sense and spirit of loyalty to their own town and community when once they come to a full realization of the injury they are working both to themselves and their home merchants by sending their money away to some large corporation in a big city for goods that they can buy as cheaply and of much better grade at home and without the inconvenience necessitated by long delays when ordering from out of town merchants.

The Slogan of Woman.

Women not only make the home town while, but they make the local town, the countryside and the whole community worth while. Wherever there is found a movement on foot for the uplift and betterment of community interests and conditions woman's power and woman's influence can always be found behind it. Woman's slogan is, "Purity of home, purity of community and the home town and home merchant forever."

BUYS NORTH SIDE COTTAGE

Mrs. H. W. Gould has purchased, through the J. E. Valle Agency, the George Toot property in North Dixon.

Philip Odenthal will leave Tuesday for Columbus, Neb., to make his home with his parents, Mr. and Mrs. William Odenthal.

On June 11 John Quincy Adams, 6th president of the United States, was born in Massachusetts. His name is not a household word and his face does not appear on postage stamps. Yet no American ever stirred up more ill feeling during his life or was honored during it or had a larger public career or more patriotism to the square inch or contributed more ancestors and descendants to "Yankee Who In America."

Adams was an infant prodigy. The Adamses had been great people for several generations, and when John Quincy was born in 1757 his father, John, was helping to form the United States of America, and was already thinking out a few hasty remarks to make when he became president.

John Quincy Adams was a learned man at ten, and was secretary to an embassy to Russia at fifteen. He was a small, pale lad with a head like a planet, and he kept on stuffing it with Latin and political economy and history until when he graduated from Harvard people used to verify their encyclopedias by him.

John Quincy was a born insurgent and attacked everything violently and ably. He went into politics early and became an ambassador, a special commissioner and a senator, insuring himself out of office each time with great cheerfulness. Later he taught rhetoric in Harvard and did odd jobs such as writing treaties and doing cabinet gatherings in Massachusetts.

John Quincy Adams is famous chiefly as a man who was willing at all times to be clashed over the head because of his principles. He is also growing in fame constantly as an ancestor. His sons and grandsons became famous, and the Adams are still asked to sit on the stage at all public gatherings in Massachusetts.

John Quincy Adams served four years with great conscientiousness and no tact, standing firmly for everything nobody else wanted, and making enemies with almost inconceivable order. He was defeated for reelection by an enormous majority, but did not mind it, having long been accustomed to defeat. He didn't sit around waiting for the people to decide what to do with their ex-president, but at once plunged into a new political career, going to congress on an Abolition platform. He served 17 years and dropped dead in 1848 in the middle of his 1,187th speech against the slave traffic.

His sons and grandsons became famous, and the Adams are still asked to sit on the stage at all public gatherings in Massachusetts.

John Quincy Adams is famous chiefly as a man who was willing at all times to be clashed over the head because of his principles. He is also growing in fame constantly as an ancestor. MAYOR ON STRIKE JOB AGAIN

New York Car Companies and Employees Having Trouble.

New York, Aug. 21.—Mayor Mitchell and Oscar S. Straus, chairman of the public service commission, held a conference with representatives of the New York Railways company and its employees in the hope of averting a second traction strike.

They aim to settle the dispute over the dismissals of employees who took part in disturbances in the recent strike and were convicted of misdemeanors.

FRANZ JOSEPH EIGHTY-SIX

Emperor of Austro-Hungary Is Honored Throughout Germany.

Berlin, Aug. 21.—The eighty-sixth birthday anniversary of Emperor Francis Joseph of Austria-Hungary was celebrated here on a large scale in military and diplomatic circles.

The celebration began with a service in St. Hedwig's church at noon, which was attended by the Austro-Hungarian officers stationed here. Berlin and other cities and towns throughout the German empire were gay with flags and bunting.

GREEK ELECTION IN OCTOBER

Berlin, News Agency Says Allies Send Out Biased Reports.

Berlin, Aug. 21.—The general elections in Greece will be held in October according to advices received by the Overseas News agency.

"Greece is cut off entirely from news of the central powers," the agency adds. "Agents of the other belligerents are spreading broadcast news favorable to their governments, making predictions as to coming events without fear of contradiction."

White House in New Jersey.

Washington, Aug. 21.—Transfer of President Wilson's executive headquarters from Washington to Asbury Park, N. J., has been made. Sept. 1 the working force of the executive offices will depart and when the president receives notification of his renomination Sept. 2, the summer "White House" will be completely established in Long Branch.

Compensation Act Passed.

Washington, Aug. 21.—The senate passed the workingmen's compensation bill without a roll call, following a futile effort by Senator Cummings of Iowa to amend it so as to give the secretary of labor, and not the commission provided for in the measure, jurisdiction provided by the bill.

Pleasant Summer Social
One of the most enjoyable events of the summer season at Pennsylvania Corners was the social given Thursday evening by the Ladies' Aid Society of the Christian church of the Corners at the J. O. Longman home, under the management of Section 3. Twenty-five gallons of ice cream was disposed of, and the social was successful financially as well as socially. J. E. Moyer of Dixon rendered a number of musical selections on the Edison Disc phonograph to the enjoyment of all who were there. The ladies of the society greatly appreciated the kindness of Mr. Moyer and all others who assisted in making the evening one of pleasure. James Cledon was also present from Dixon and aided in dispensing the ice cream.

HOW CLEWS REGARDS THE STRIKE SITUATION.

Henry Clews of New York, in his weekly financial letter, says in part, regarding the strike situation:

At this writing it is impossible to anticipate the result of the great controversy between railroads and their employees. The consequences to both sides of a nationwide paralysis of traffic are so grave and momentous that a strike is regarded as almost impossible, because neither side cares to deliberately face the consequences of aroused public indignation. The difficulty will probably be adjusted by concessions on both sides. Fortunately the demands come upon the railroads at a time when they are fairly able to meet them, if the present volume of traffic is maintained; but the crisis reveals the fact more strikingly than ever that relations between the railroads and the government or public are at present upon a basis of injustice. Some readjustments must be made if the railroads are to prosper and maintain their ability to attract capital for necessary improvements and expansions. Under present conditions, railroad owners work for a wage that the government restricts, does not protect, nor allow compensation for increased costs of operation; while railroad labor is free to force its claims upon railroads to a degree that threatens bankruptcy for the corporations and unheard-of inconvenience and damage to public interest. One side has responsibilities and restraints which it cannot escape; the other has neither and is disposed to wield its power recklessly.

FOR STATE TREASURER.

George E. Keyes, candidate for the republican nomination for State Treasurer, comes from Springfield, Illinois. Springfield does not always turn out angels, but on the other hand there have been some very noteworthy instances where she has turned out great statesmen. Surely she must be given credit for being a good school for young politicians.

George Keyes was born down there, as far as we know. Anyway, he was brought up there and follows his father in his fathers' business and is known to the people of Springfield as a thoroughly reliable, upright and honorable young man.

We believe that George Keyes has more friends throughout the length and breadth of Illinois than any one young candidate. Surely he is well thought of by a host of men, for his candidacy is being supported with a vim and enthusiasm that indicates love for the work, all over the state.

George E. Keyes deserves to receive the republican nomination. He will add strength to the ticket, for he is a man for whom any voter would be proud to cast his ballot.

The more we see of other cities, the more we like Dixon.

Newspaper men don't mind the hot weather this summer because the newsprint paper would keep them awake nights anyway.

One of the best arguments in favor of Colonel Lowden is the crowd that is against him. The way all the opposition is directing its big guns against Lowden shows who they fear.

Illinois farmers need not worry about the firing of their corn. The wheat fields of the northwest have not grown enough grain to feed the blackbirds.

The scarcity of German dyes does not seem to seriously interfere with the color of the girls' cheeks.

President Wilson got hold of a bear-cat by the tail when he mixed up in the railroad fight.

As the summer days grow shorter, so also do the bathing suits, lo and behold.

Daddy's Bedtime

How a Soldier
Sowed Some
Turnip Seed.

[Adapted from Grimm's Fairy Tales.]

"WE can't go to sleep till we have one of daddy's stories, can we, Evelyn?" asked Jack. So daddy began: "Once there were two brothers who were both soldiers. But one had grown rich and the other never had any luck and was always poor. So he decided to be a gardener. He stripped off his red coat, dug his ground well and planted a lot of turnip seeds.

"When the crop came up one plant was much bigger than all the rest. It kept growing bigger and bigger till it seemed as if it never would stop growing. At last it was so big that it filled a cart and two oxen could hardly draw it. But the gardener did not know what to do with it.

"One day he said to himself: 'What shall I do with it? If I sell it 'twill bring me more than another would. For eating the little turnips are sweeter than this big one. Perhaps the best thing to do is to give it to the king as a mark of my respect.'

"So he yoked up his oxen and drew the turnip to court, where he gave it to the king. 'What a wonderful turnip!' cried the king. 'I have never seen such a big one before. Where did you get the seed? Or was it just your good luck?' 'I am no child of fortune,' said the gardener. 'As a poor soldier I never had enough to live on. So I set to work tilling the ground. My brother is rich. All the world knows him. But I am poor, and everybody forgets me.'

"Then the king took pity on him, saying: 'You shall be poor no longer. I will make you richer even than your brother.'

"So the king gave him money and lands and flocks and herds. When the brother heard of this—how one turnip had made the gardener so rich—he was very envious. He tried to think how he could please the king and have the same good luck himself. He got together some fine jewels and horses. If the king had given his brother so much for one turnip, what might he not give for jewels?

"The king took the jewels and horses and said he knew not what to give in return for so rich a gift unless it be the wonderful great turnip. So the soldier was forced to put the huge turnip in a cart and drag it away. When he reached home he was so mad to think he had wasted jewels and horses for nothing but a turnip that he hardly knew upon whom to vent his rage. At last wicked thoughts came into his head, and he made up his mind to find his brother, the gardener, and kill him."

FRANK O. LOWDEN MAN FOR GOVERNOR

Sentiment of the State Shows Him as Choice of Majority of Republican Voters.

Frank O. Lowden will be nominated as the Republican candidate for governor in the primary election to be held in Illinois, Wednesday, September 13.

Sentiment in every part of the state demonstrates it. It is confidently predicted he will have a larger vote

principles and his ideals are those created in the invigorating atmosphere of the country.

Made Friends By Conduct.

While a candidate for Governor in the now famous deadlocked convention of 1904 and defeated for the nomination, he made hundreds of friends throughout the state. Knowing the circumstances and witnessing the manly way in which he accepted the situation, he established a closer personal friendship with men all over the state than has been possessed by any other man in Illinois public life in years. Col. Lowden did not allow his disappointment to interfere with the full performance of his duty to the nominees. He was one of the hardest workers in the campaign for the success of the party.

A Worker in Every Campaign.

In every campaign since he has been giving valuable service. He has filled every speaking assignment asked of him. The people know him as a worker, not a self-seeker. His course has brought to him the friendship and admiration of thousands of Republicans throughout the state and today, believing Col. Lowden has earned the nomination for Governor, they are for him.

Active in Public Affairs.

Col. Lowden is a man of action and advanced thought. His experience in public affairs has not been limited to service in the restricted opportunities of a state legislature nor in holding of appointive office. He has declined all offers of this sort. He did serve his district in congress and he made an enviable record that has left its impress upon legislation that is today of benefit to the people of the nation.

Principle Above Office.

Big, brainy, high principled and scholarly gentleman that he is, he is conducting a campaign free from attacks upon other candidates. Remembering there is an election in November, as well as a primary nomination in September, he is not asking the people for support upon false issues, mudslinging or a discussion of other candidates. He is pointing out the burdens of conditions in the state and telling the remedies he will apply to give the highest efficiency of government in Illinois for the lowest cost to the taxpayers.

Every Republican in Illinois can support and vote for Frank O. Lowden for Governor on that kind of a platform.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Lee County Farmer Makes Journey To Foreign Land Seeking More Light

ON THE Science of Farming and Stock Raising

MEETS COURTEOUS STRANGER AND IS PREVAILED UPON TO MAKE A DETOUR FROM THE MAIN LINE—ACQUIRES KNOWLEDGE AND WISDOM BY EXPERIENCE.

Visits Wonderful Farm in Alberta, Canada and Receives Entertainment Supreme.

Written by JOHN P. HONEYCUTT, Farmer For the Dixon Evening Telegraph.

THIS LURE LITERATURE that the railroads are sending out to farmers these days labeled "See America first" is sure some strong inducement and is mighty apt to sting a farmer with desire to travel. Especially if the thermometer registers 102 in the shade of the oats shock.

Our rye and oats out on Green River Stock Farm matured a little earlier than usual this season. We hustled and got it all safely harvested while the weather was dry and the sun shone brightly. The weather was ideal for harvesting, and everybody knows that there is a great satisfaction in work that has been well done. About the time we had the harvest work finished, along came a beautifully printed folder entitled "An Alpine Paradise."

"Notwithstanding the sixty glaciers from which it derives its name, the Glacier National Park is chiefly responsible for its picturesquely modeled peaks, the unique quality of its mountain masses, its gigantic precipices, and the romantic loveliness of its two hundred and fifty lakes."

Having spent several years during my boyhood "out West" I decided to again travel in that region and note the progressive changes.

A person don't need to be very old to recall the "good old times" when

much cold rain followed by extreme hot weather. From all appearances and reports I am led to believe that the potato crop will be far below the average in Wisconsin and Minnesota. Spraying with Bordeaux solution is the only prevention of damage caused by blight, which usually follows such a season as the present.

High Price of Beef.

I am not surprised at the high price of beef since my visit back to the land which, when I was a boy was great and vast cattle ranches and ranges. In place of hundreds of thousands of cattle and sheep, I saw thousands of miles of wheat, oats, rye, flax and barley. Hogs out there are almost as scarce as hens' teeth.

Depleting the Soil.

There can be but one inevitable result of such farming. Nothing is being done by way of returning a particle of the elements which are being removed from the soil by continued grain farming. Farmers actually burn their straw stacks. The system should be termed Placer Mining instead of Grain Farming.

Mixed Farming a Necessity.

There is positively only one way to prevent the depletion of the natural fertility of this rich land and not reduce the revenue and profits of operating. The answer is Mixed Farming. Raise cattle, horses, hogs and sheep. The land produces luxuriant and succulent alfalfa, clover and timothy. Ideal feeds for all kinds of domestic animals. By practicing a Mixed Farming system, observing proper rotation of crops, the fertility of those farms never can be impaired or depleted. Yet how beautiful, magnificent and temporarily profitable are those vast fields of grain, because at present prices an acre of wheat is often equivalent to fifty dollars in gold.

Real Opportunity for Regular Farmers.

When I consider the price of land

comotives. I thoroughly enjoyed the trip. The crews were courteous and accommodating. But speaking of conservation. Farmers nowadays talk lots about conservation of fertility and conservation of moisture, so it will probably not be out of order for me to refer to conservation of nances, that is to say, your available cash in hand. In order to make the return trip as cheerful and enjoyable as the out-going journey, just bear in mind that the fixed charges are the same for both directions.

Make New Acquaintances—Take Side Trip to Canada.

In common with the average farmer I am easy to get acquainted with. While waiting for the train in Chicago I made cheerful response when a gentleman made some casual remark about the weather being middling

Driving through a wheat field which is two miles long, owned by Mr. James Milligan.

warm. The party was not mistaken. We talked further, discussing subjects of mutual interest until train time. The train due to leave Chicago for Portland, Oregon, was called. I had lower No. 1 and my new acquaintance presented reservation for upper No. 1. He had made the same trip many times and was well informed regarding all the little details incident to traveling. Now be it known that successful traveling is no less an art than successful farming. I expected to pass through a part of the province of Alberta, Canada. My new acquaintance was on his way to visit a friend, Mr. James Milligan, who has a wheat and live stock ranch at Raley. I was invited to accompany him and the ranchman was advised by wire.

We stopped over a few hours at Medicine Hat, you know that is where they make the weather. Mr. Milligan drove over to Lethbridge in his automobile and conveyed us across country fifty-five miles to his ranch. The ranch is located only three and a half miles from the railroad at Raley. We saved time by making the trip in the auto, because of train connections. We left Lethbridge about sundown and were at the ranch in time for breakfast.

Mr. Milligan has a ranch consisting of 3,200 acres of land. The soil is a clay loam, well suited for raising all kinds of grain, clover, timothy, alfalfa, and potatoes. The natural grass is abundant and succulent. His horses and cattle are in splendid condition. His equipment is as one would suspect, ample. He gave me a good saddle horse and full possession of the ranch, with instruction to come in for meals when the cook (who is a Chinaman) rang the bell.

He has 1,450 acres of wheat, one field being three miles long. There is also 150 acres of flax, 100 acres of barley, 200 acres of oats, and 3 acres of potatoes. They have a vegetable garden that is a wonder. We picked strawberries until satisfied and ordered the Chinaman to have shortcake every evening for supper. Last season Mr. Milligan's wheat averaged 46 1/2 bushels per acre and he sold it at \$1.95 the bushel. His wheat crop is not damaged by rust or otherwise.

The ranch is located in plain view of the mountains in Glacier Park and the Canadian Rockies. Mr. Milligan drove us over to the mountains in his automobile and our party fished in St. Mary's River. Those mountains, lakes and rivers are too magnificent and beautiful for me to even attempt adequate description. One look at them is more enjoyable than a thousand word description by even the best word artist. The sight of them is

worth all it costs.

Mr. Milligan went to Alberta from the State of Ohio several years ago and has prospered with the growth of the country. They have strong soil and pure water in great abundance. All over the West there are great opportunities for regular farmers and real business men.

GIRL COULD NOT WORK

How She Was Relieved from Pain by Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?' My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it."—Miss CLARICE MORIN, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

Write to Lydia E. Pinkham Medicine Co., Lynn, Mass. (confidential) for free advice which will prove helpful.

"There should be no undue anxiety in the community on account of the existence of this case, as it is doubtless endemic and I understand other cases have existed in the city before without serious results. The great publicity which has attended the reporting of cases throughout the country has created a feeling of uneasiness in the minds of people, but where due precautions are taken there should be no alarm. However, the alarm that now exists should be of educational value, as it is a glaring example of the necessity of 'preparedness' in such emergencies."

GOT AWAY FROM DRIVER

Bartholomew Outfit in Slight Accident This Morning

This morning at 6 o'clock the Bartholomew threshing outfit met with an accident going north on Ottawa avenue, south of First street. The traction engine could not hold back the large separator and water tank, causing the separator and tank to run to the side of the engine, pulling the big tractor, crosswise the avenue. The tank broke away from the engine and ran off into a large tree breaking one axle and damaging one end of the tank. The separator also ran off to the side of the avenue. The damaged water tank was left by the roadside.

farmers and their families remained tolerably near to their own homestead year after year. It did not matter where that homestead was located either. Farming in those days was carried on without the aid of our present high grade machinery, and the strongest man physically in a neighborhood was the best farmer.

Evolution has been taking a hand on the farm during recent years. Today the telephone and automobile have shortened distances and transformed counties into neighborhood communities. It isn't any farther to a great town or city now than it used to be over to the north pasture where the farmer walked every Sunday morning to salt his cattle, before dressing up in his best suit.

You will now find daily newspapers and progressive Agriculture magazines in farm homes lying neatly piled on a library table instead of the Toledo Weekly Blade on the sofa and Dr. James Almanac hanging on a nail behind the cook stove. We use advertised brands of shoe polish instead of beef tallow on our boots.

One reason for farm progress is the fact that we travel more than we used to, which indicates that there is now more money made through farming than there was in those times, because it costs real money to "See America First," and farmers are well represented among sight seers everywhere.

The Things Which Interest Us Most Are Usually Those That We Understand Best.

I was especially attracted to the potato fields growing in Wisconsin and Minnesota. The tuber vines showed very plainly the bad effects of too

in Illinois and adjoining states and compare it with the price at which the rich virgin soil of the west and northwest can be bought. I wonder why more real farmers do not avail themselves of the splendid opportunity to secure a permanent farm holding somewhere in that wonderful country, with its delightful climate and pure water, where foot and mouth disease has never been heard of and hog cholera seldom comes.

Keeping it strictly in mind, however, that these delightful farms and ranches are far removed from the picture shows and musical comedy. Furthermore, I do not recall that on my entire journey did I discover a solitary successful owner of farm or ranch who smoked cigarettes or drank liquor to excess.

The farm has no more reward for the party who is looking for something easy than has the city. Do not try to make yourself believe that the farm will be a haven of rest if you have failed to make good on your city job.

The call of the West is for efficient men and women. There is almost certain success for a real farmer in the West, either as owner, renter or field laborer.

Railroad Travel Delightful.

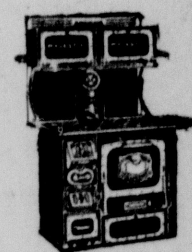

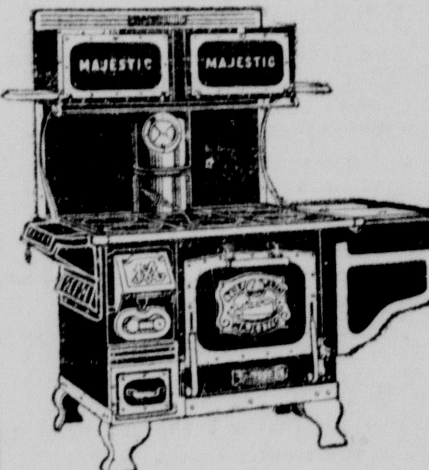

The train service and accommodations furnished by the several railroads leading west is luxurious, safe, comfortable and efficient, and it is identically the same on the return. It would require too much space for me to describe those elegant trains, observation, Pullman, dining, parlor, chair, and smoking cars, cooled and ventilated by a system of electric fans, drawn by the most powerful loco-

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, yellow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

TRY JUST ONE CHEW OF "SPEAR HEAD"

You'll See Why the Best Judges of Tobacco All Chew It.

All the flavor and beneficial qualities of tobacco are in its juice. And you get the full benefit of that juice only by chewing *plug* tobacco.

In *Spear Head*, the juice of choice, sun-ripened red Burley is blended and pressed into the plug so carefully and expertly that not a drop escapes.

When you chew it, the sweet, fruity, delicious juice of this famous leaf comes in direct contact with your tongue, where you can taste it and get all the good of it.

Get a cut of *Spear Head* from your dealer. See how different it is from ordinary tobacco; what a lot more comfort and satisfaction you get out of it. In 5c and 10c cuts.

H. L. Wadsworth of Harmon was in Dixon Saturday.

City of Dixon, Illinois, as provided for in Local Improvement Ordinance No. 181, Series of 1916, of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon, until ten o'clock in the forenoon on the 28th day of August, A. D. 1916, and will be publicly opened by the Mayor of said City of Dixon, (Who is president of the Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at ten o'clock in the forenoon of the 28th day of August, A. D. 1916. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is for the construction of 144 cubic yards of excavation; about 100 linear feet of 8" sewer (laid); 180 linear feet of 6" sewer (laid); 1 manhole with an internal diameter of three feet, complete with cast iron cover and iron steps; as provided for a Local Improvement Ordinance No. 181, Series of 1916, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by certified check or cash for an amount not less than ten (10) percent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been unopened and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of One Thousand (\$1,000.00) Dollars will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidder at the City Clerk's Office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon, bonds to draw interest at five per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon, of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work. Specifications for said work are on file in the Mayor's Office and may also be seen at the Office of the City Clerk of the City of Dixon from and after this date.

The person to whom the contract or the construction of said improvement is awarded, shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims or injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, this 16th day of August, A. D. 1916.

Signed, THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON,

By MARK C. KELLER, Their Attorney.

RUSSIANS TAKE LINE IN HUNGARY

Teutonic Defenders Driven from Frontier Heights.

SLAVS ADVANCE ON STOKHOD

Village of Tobol Changes Hands Several Times During Battle—Berlin Admits Muscovites Have Crossed River at New Point—Claims Carpathian Gain.

Petrograd, Aug. 21.—After breaking through the Stokhod line in Volynia the Russians made a further advance and captured several positions, the war office announces. Spirited fighting is in progress in the Carpathians near the Hungarian Bukovina frontier. The announcement says:

"In the region west of Lake Nobel German attacks were repulsed with heavy enemy losses. "On the River Stokhod in the region of the village of Rabkharovische we captured Tcherische farm and several heights. There was a stubborn fight for the village of Tobol, which, after changing hands several times, finally remained in our possession. Cossack cavalry attacked, killing more than 200 Austrians.

"In this region we captured six officers, more than 600 men, fifteen machine guns, two mine throwers, one searchlight and telephone apparatus.

Russians Seize Heights.

"In the direction of Korosmezo (in Hungary three miles from the border), our troops drove back the enemy to the heights west of Jablonitz and Voronka, and occupied the heights. "On the Bialy-Cheremosh river, in the region of Dolgopol, our detachments pushed back the enemy, thus making a slight advance in the direction of Fereskul.

"In the direction of Kiribaba, to the north, the enemy launched attacks on the heights. These we repulsed and we occupied the heights."

Continue Stokhod Fight.

Berlin, Aug. 21.—The day's announcement respecting the eastern front reports that Russian troops at one point crossed the Stokhod river and that the fighting continues. In the Carpathians the Teutonic troops advanced.

U-BOAT SINKS TWO BRITISH CRUISERS

London Reports Germans Lost Two Submarines.

London, Aug. 21.—Two British light cruisers, the Nottingham and Falmouth, were sunk Saturday in the North Sea by German submarines, while the vessels were searching, according to an official announcement issued by the admiralty shortly before midnight. One German submarine was destroyed by the British, while another was rammed and possibly sunk.

Berlin, Aug. 21.—The admiralty announces that a German submarine sank a small cruiser and a destroyer near the British east coast and damaged another small cruiser and a battleship.

ITALIAN TROOP SHIP IS LOST

Stampalia, Steel Craft of 9,000 Tons, Probably Torpedoed.

New York, Aug. 21.—The Italian steamer Stampalia, formerly in service as a passenger liner between New York and Italian ports, but more recently engaged as a troop transport, has been sunk, presumably by a submarine, according to reports received by her agents here.

The Stampalia, steel twin screw steamer of 9,000 tons, reached Genoa on July 20 from New York, and was scheduled to sail from New York on the return voyage on Aug. 26. Local agents of the line received notice fifteen days ago to cancel all bookings for the return trip to Genoa as the Stampalia had been taken over by the Italian government as a transport.

GOOA BACKS FOR BAD

Dixon Residents Are Learning How To Exchange the Old Back For a Stronger One

Do you suffer backache, feel weak and painful? Do you suffer headaches, laguer, ad depression Is the urine discolored, passages regular? The kidneys may be calling for help.

Weak kidneys cannot do their work. Give them the help they need. To cure a kidney backache you must cure the kidneys. Use a tested and proven kidney remedy.

Dolan's Kidney Pills have stood the test. Convincing proof of merit in Dixon endorsement:

W. H. Gillespie, 711. Nachusa Ave., Dixon, says: "My back often gets so lame and sore that it is painful for me to stoop over. I have headaches and dizzy spells also. Whenever any of these attacks come on, I use Doan's Kidney Pills and they promptly remove the pain in my back and relieve the headaches and dizzy spells."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gillespie had. Foster-Milburn Co., Props., Buffalo, N. Y.

REPLIES TO MANUFACTURERS

Whole Economic Movement Points to
Eight-Hour Day, He Declares—Only
Concession He Asks Roads to
Make—Advises National Agency to
Prevent Recurrence of Situation.Washington, Aug. 21.—President
Wilson made it clear to the railroad
executives that he will stand pat on
his plan to avert the threatened rail-
road strike.In a telegram to George Pope, pres-
ident of the National Association of
Manufacturers, he announced that ar-
bitration at this time was impossible
and that he had asked the railroads
to concede nothing except the eight-
hour day. "To which the whole econ-
omic movement of the times seems to
point."The railway managers and execu-
tives held separate meetings and pre-
pared counter proposals to the presi-
dent's plan.Hill and Ripley En Route.
Word was received that Louis W.
Hill, president of the Great Northern,
will arrive in Washington today. E. P.
Ripley of the Santa Fe, also will ar-
rive today. Both of these men have
been quoted as saying they would not
accept the president's plan. The an-
nouncement that they are coming sets
at rest a report that they would ignore
President Wilson's summons.It is understood that in the event
of a strike Mr. Wilson will have the
railroads placed in the hands of fed-
eral receivers and operated on an
eight-hour basis. This will in effect
place them under government control.
For Arbitration Principle.President Wilson sent the following
telegram:"THE WHITE HOUSE,
Aug. 20, 1916."Mr. George Pope,
"President National Association
of Manufacturers,
"Hartford, Conn.:"Allow me to acknowledge the re-
ceipt of your telegram of August 18
and to say in reply that I hold to the
principle of arbitration with as clear
a conviction and as a firm purpose as
anyone, but unfortunately there is no
means now in existence by which ar-
bitration can be secured. The exist-
ing means have been tried and failed.
"This situation must never be al-
lowed to rise again, but it has arisen.
Some means must be found to prevent
its recurrence, but no means can be
found offhand or in a hurry or in se-
ason to meet the present national
emergency.Strengthen the Principle.
"What I am proposing does not
weaken or discredit the principle of
arbitration. It strengthens it rather.
It proposes that nothing be conceded
except the eight-hour day, to which
the whole economic movement of the
time seems to point, and the immedi-
ate creation of an agency for deter-
mining all the arbitrable elements in
this case in the light of not of predic-
tions or forecasts, but of established
and ascertained facts.
"This is the first stage of the di-
rect road to the discovery of the best
permanent basis for arbitration.
Whether other means than those now
available are supplied.

"Woodrow Wilson."

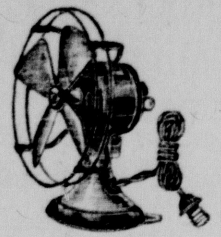

POLITICS HALTS INDIES DEAL

Fight Over Danish Coalition Cabinet
Delays Purchase Pact Question.Copenhagen, Aug. 21.—The decision
as to whether the government propo-
sal for a coalition cabinet shall be
adopted, and consequently the ques-
tion as to the acceptance or rejection
of the treaty with the United States
for the sale of the Danish West In-
dies, has been postponed much longer,
as the result of party caucuses in the
rigsdag.The left party agreed to the crea-
tion of a coalition cabinet, but im-
posed the condition that the party
shall have representation in proportion
to the left's combined member-
ship in both houses of parliament.
Since the left has nearly half of the
entire membership of the landsting,
or upper house, its demand, politicians
say, means that it would claim prob-
ably four cabinet places against two
for each of the other parties.

FIVE NEGROES ARE LYNCHED

Merciless Penalty Includes Two Wom-
en Who Aided Slayer's Escape.Gainesville, Fla., Aug. 21.—Five
negroes, three men and two women,
were taken from the jail at Newberry,
Fla., and hanged by a mob, and an-
other negro was shot and killed by
deputy sheriffs near Jonesville, Fla.,
as the result of the killing of Con-
stable C. G. Wynne and the shooting
of Dr. L. G. Harris by Boiesy Long, a
negro. The lynched negroes were ac-
cused of aiding Long to escape.

TO TAKE UP IMMIGRATION BILL

Republican Senators Force Action
This Session.

(Associated Press)

Washington, Aug. 21.—The senate
today voted to take up the immigra-
tion bill which the democratic caucus
had determined to postpone until the
next session. Nine democrats voted
with the republicans in the determina-
tion to take up the bill. Considera-
tion of the provisions concerning the
Asiatics was taken up in secret, with
the galleries cleared. The passage of
the bill seems certain and some dem-
ocrats believed the president will not
again veto the act which aims to pre-
vent a flood of immigration after the
war.
